1971 CATALOG OF LARGE TYPE PUBLICATIONS--SUPPLEMENT #4

November, 1972

In 1970-1971, we published the workbooks for the BANK STREET READERS (PRIMER through GRADE III) in large type form. At this time, the Royer School for the Blind has authorized us to parallel the workbooks with the basic texts for the same grade levels. These books are now in process, and should be available by early spring. Note also, that these books are also available in Braille from APH.

Note: Be sure to include the CATALOG NUMBER of each title when sending in orders. (This number is listed right after the number of volumes and pages for each title, and is underscored.)
